

# Bunker Rake - Implements

• **Qwitch:** All rear-mounted implements attach to Smithco Bunker Rakes instantly and effortlessly with the exclusive Smithco "Qwitch" (quick hitch).

• **Tournament Rake with Flex Brush:** (rear mounted) Applies the finest finish and playability. Permits "zero circle turns" leaving no un-raked, unsightly "donut". Patent Pending.

• **Roller Brush Spiker System:** (rear mounted) 3-section system. Follows Contours to perfect the surface of your greens. Available in spiker and brush also.

• **Tournament Finish Rake:** (rear mounted) Applies the finest finish, firmness and playability. Choice of 84" or 72".

• **Standard Finishing Rake:** (rear mounted) We've been making this for over 30 years. It's been copied but never duplicated. A must for old-style, small bunkers.

• **Spring Steel Fan Rake:** (rear mounted) For extra-fine smoothing and grooming, and for removing pesky debris like pine needles and leaves.

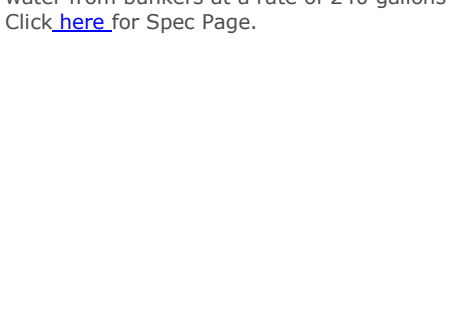

• **Sand Cultivator:** (center mounted) To loosen and pre-condition crusty and wet sand, and for removing weeds. Covers the full width of the tractor. Operates easily from the seat.

• **Sand Plow:** (front mounted)  
To bulldoze sand and soil after washouts, and for moving, spreading and smoothing new sand and soil. Manual or hydraulic.

• **Typhoon:** (rear mounted) High-volume pump for liquids and semi-solids. 6.5ft/2m snorkel keeps tractor high and dry. 11 hp/ 8.5kW gas engine with electric start. Removes excess water from bunkers at a rate of 240 gallons per minute. Click [here](#) for Spec Page.

• **Sand Brush:** (rear mounted) Attaches to all Smithco finish rakes and provides a natural, wind-blown finish golfers favor.

• **Spring Tine Sand Cultivator** (center mounted) Loosen and pre-condition crusty, packer or wet sand. Easy on turf at bunker edges. Covers full tractor width/ Easily operated from the seat.

• **Dry Spreader:** (rear mounted) 100 lb/45kg capacity for fertilizer, chemicals, sand or salt. 12-volt power.

• **Engine-Powered Blower:** (rear mounted) makes quick work of leaves and debris all over your course. NOTE: Does not fit Diesel Super Star.
