

ARTIFICIAL TURF

VERTI-BROOM

For brushing and striping of artificial turf, nothing beats the proven Verti-Broom. The highly effective triangular arrangement of the brushes will straighten and groom each grass blade for an attractive and realistic finish to the synthetic turf. The stiff, long wearing poly-bristles quickly and efficiently brush surface infill to an even and level finish.

VERTI-BROOM

The Verti-Broom is also ideal for removing large debris from the field. Optional transport wheels allow the Verti-Broom to easily be towed from one field to the next over hard road surfaces.
